Our Passion is Pets!

Nature's Recipe® dog food has created a line of great-tasting recipes that specifically avoid ingredients that can lead to food intolerance. Unlike many other premium dog foods, Nature's Recipe® dog food never uses beef, corn or wheat. We only use highly digestible ingredients – proteins like fish and venison, carbohydrates like barley and rice – plus the right combination of vitamins, mineral and essential nutrients. And because it's Nature's Recipe® dog food, you won't find a single artificial preservative, flavor or color or filler. Nothing but premium ingredients.
